Dear Ken:

On behalf of all of us at Freedom's Wings, I want to thank you and PGC for your support and assistance in introducing persons with disabilities to soaring this past weekend.

All the hard work done by PGC and FWI to stage this event was justified by the joy and smiles of the participants upon landing.

Bill who flew on Sunday writes, ... "I loved the fact that you can get out of your wheelchair and fly in the sky with the birds and all the clouds and forget about any stress you may have ... and enjoy the wonderful views. It is great therapy and doesn't end when you land. It has been days since I flew and I am still on cloud nine. For a person with a physical challenge such as myself it is just a wonderful program to be involved with. Many thanks."

So, to all of you at PGC ... *many thanks* ... for your support, generosity in donating the tows and for believing in the mission of Freedom's Wings.

With warmest personal regards,

A handwritten signature in blue ink that reads "Richard".
